We have an in-house design team who can take our standard items and amend dimensions to fit your exact requirements. We can produce images of how the piece will look and supply detailed drawings of internal and external dimensions so you can check it meets your needs.

### PAINTING SERVICE

We offer a range of standard colours for all our furniture so you can choose a colour to match your own interior.

We can mail painted swatch samples of these standard colours to help you pick the ideal shade.

Some items can be painted with a second contrasting or complimentary colour to create an impact to a statement piece.
